Thompson for sheriff

STEVEN NORBY

CEDAR FALLS --- I got to know Tony Thompson as an assistant county attorney. I worked with him professionally and assisted him in some of his public education efforts, such as the "Every 15 Minutes" drunken driving education program. I saw first-hand the passion and energy that he puts into all that he does.

I don't know anyone who is not positively influenced by Tony's focus and congenial attitude (which is infectious). Having experienced all the positive qualities that Tony possesses and brings to a program, project, and to his job daily, I can do no less than give him my unqualified support and encourage all that live in Black Hawk County to vote Tony Thompson as well for Black Hawk County sheriff.
