Vote Thompson for sheriff

ANNE DOTZLER

WATERLOO --- I think the important issues of our local election for Black Hawk County sheriff revolves around service, education and long-term commitment to making change. Tony Thompson has all of these traits and has a proven track record for each. He has a record of service, service to our community, service to our county, service to our state and service to our nation. Tony has a bachelor's degree, a strong start on his master's degree, a law enforcement academy education and a U.S. Army Military Police education. Finally, Tony has demonstrated through several groups, organizations and agencies, his long-term focus and commitment to improving our county.

Whether it be his nine years of involvement in the administrative side of the Boy Scouts of America, his executive board experience for Aspire Therapeutic Riding, or Black Hawk Economic Development, or the numerous other clubs and organizations that he commits his time and talents to, Tony Thompson has repeatedly demonstrated his long-term commitment. I look forward to the change and the drive that he will bring to the Black Hawk County Sheriff's Office. Join me and vote Tony Thompson for sheriff of Black Hawk County. Trust me you will never regret this vote as the changes he has in mind will only improve our Black Hawk County.
