Thompson for sheriff

MARY ANDERSON

WATERLOO --- While all rural living people are not farmers, they all have one thing in common. They depend on the Black Hawk County Sheriff's Office for law enforcement and protection. It is time to elect a new sheriff. I want a person who is familiar with our problems and how they affect the whole county. I believe we should have a person who has demonstrated by proven results they have the knowledge and ability to understand the problem, than solve it. I see Deputy Tony Thompson as the person who has done that.

A typical example was his successful approach to the anhydrous ammonia theft for making meth. Tony raised the money and initiated the welcome to meth warfare campaign and gathered \$18,000 in private donations to purchase anhydrous ammonia nurse tank locks. This effectively locked all tanks in Black Hawk County, preventing illegal theft. This program became a state-wide effort when Tony contacted Sen. Tom Harkin's office. Tony convinced them to generate federal funds to help every county in the state in a positive way. That is just one example of the many things Tony Thompson has done and continues to do for Black Hawk County and the state.

We can help ourselves and our neighbors by putting our trust in Tony Thompson in the Black Hawk County Sheriff's Office, where he will do even more to make our county safer. Tony can and will do an outstanding job. Tony has a lot of great ideas for change. Please vote with me for Tony Thompson for sheriff.
