## Support Tony Thompson

LELAND POWERS

WATERLOO --- I feel that Tony Thompson has the experience, the drive, the genuine desire and the intelligence to think issues through, to make strong decisions and establish a strong leadership in the Black Hawk County Sheriff's Office that will benefit the entire county for years to come.

His background and community services demonstrates his connection and commitment to this county. His inventive ideas and programs have already reached thousands of us and helped keep us all more secure and safe. His efforts in education and drug enforcement have aided in making Black Hawk County a safer place. The kids love him and listen to him.

I know that Tony Thompson possesses the skill and the focus to take our Black Hawk County Sheriff's Office to the next level and I look forward to being able to watch it happen over the next 20 or so years. I plan to hold him responsible for the future of our law enforcement for many years to come. You go Tony!!

Please join me in supporting Tony Thompson for our next Black Hawk County sheriff.
