Tony Thompson for sheriff

WAYNE GROSS

WATERLOO --- I am motivated to write this letter because of the information that I just read about Tony Thompson. He has it all put together. He demonstrates a time table for his plans for the office. He recognizes that not everything can be done overnight, and demonstrates the education and personal communication skills to lead our sheriffs office into a very positive future.

I for one am putting my faith in the future of the sheriff's office under a dynamic leader and a focused public servant whose plans for the future make sense, are clear cut and are reasonable to accomplish. Please join me and vote Tony Thompson for our next Black Hawk County sheriff.
