Tony Thompson for sheriff

THOMAS E. KERN

HUDSON --- A recent letter supporting Mark Johnson indicates "why change something that is not broken?" Just ask around, ask why we are not using inmate work crews? Ask why we continue to have complaints to the NAACP about the administration of the jail? Explain why we continue to spend money for that darn building? Tell me why we continue to lose great officers to other agencies if things are so great at the jail? I agree our jail isn't broke, but with a slight change in the wind it will be. A vote for Mark indicates no need for change.
