Thompson for sheriff

DORIS NIEDERMANN

ELK RUN HEIGHTS --- I'm recalling back in 1988 when now retiring, Mike Kubik, was seeking election to be the next sheriff, and his Republican opponent was the jail administrator who later made a captain. Mike was a deputy sergeant assigned to the patrol division working on the county roads and streets in daily contact with the citizens of the Black Hawk County. I can see a direct parallel in this coming contest. Deputy Tony Thompson has been in direct contact with the citizens in the towns and on the roads and on the streets in the towns and in the schools, working as a patrol officer and SWAT Team leader in Black Hawk County. Deputy Tony Thompson works with the schools in Black Hawk County on Drug Prevention Education, using a program he wrote and developed named DON'T (Drugs Offer No Tomorrow) which replaced the out dated DARE Program.

I feel that we once again are in need of a new leader for the Black Hawk Sheriff's Office, one with proven leadership and respect within the law enforcement community. One who has demonstrated the talent, ability and desire to improve law enforcement, handle administrative duties and run a well-coordinated efficient Black Hawk County Sheriffs Department. Tony Thompson is qualified, ready and able. His resume is a fact of what he will bring to the office of Black Hawk County Sheriff with your help and your vote in November. Vote Tony Thompson for Black, Hawk County sheriff, you'll not be sorry.
